

Professional Cleaning Equipment

TITAN

High-performance orbital machine with excellent cleaning results and safe operation.

with signal red power cord

The orbital technology combines two types of motion to achieve a higher mechanical cleaning effect while reducing the use of chemistry and protecting the environment. The interplay of eccentric and rotating movements generates a special efficient cleaning pattern and thus differs from classic single-disc machines, which

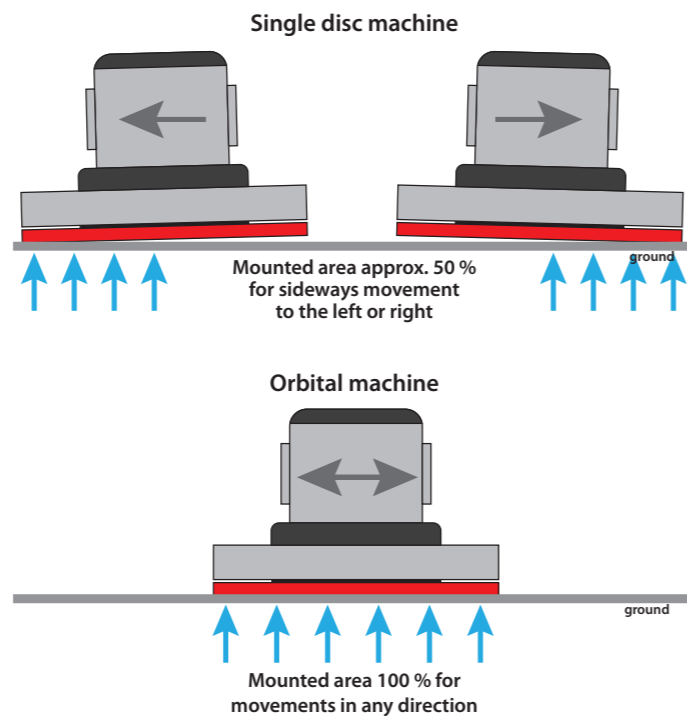

perform a pure rotational movement. In terms of smooth running, the orbital method also has a very positive effect on handling and makes it possible to drive the machine in a safe and fatigue-free manner at all times. Even inexperienced users can quickly become familiar with the Titan and achieve excellent work results in the

shortest possible time. The areas of application in basic and maintenance cleaning, polishing, and scrubbing on all floor coverings (carpet, stone, PVC, wood, safety tiles) are almost limitless.

Advantages of the orbital machine in comparison to a single-disc machine.

- less water
- less chemicals
- less time
- less effort
- mounted cleaning area 100 % (see right)

Thanks to significantly higher mechanical cleaning effect!

Tilting drawbar for increasing the contact pressure.

Motor protection cover protects the motor from moisture.

Excellent stairway mobility and stability.

Optional additional weight, 12 kg
Item no. 207.119

Pad holder
Item no. 207.113

Power Pad for all surfaces
Item no. 201.076

Accessories:

Brush medium
Item no. 207.115

Disc pads for each surface in different degrees of hardness.

	Item no.	UK	EU
TITAN fresh water tank 12 litres, power pad 17", pad holder, 12 m power cord, signal red	207.005	207.001	
TITAN "Heavy duty" with full equipment incl. 1 x Additional weight 12 Kg. The over all weight of the machine is 58 Kg.	207.006	207.003	
STANDARD KIT:			
Pad holder (16-17")		207.113	
Fresh water tank		207.102	
Power Pad 17"		201.076	
12 m power cord, signal red	201.080	201.030	
ACCESSORIES:			
Pad white 17" (5 pieces/unit)		201.005	
Pad red 17" (5 pieces/unit)		201.006	
Pad green 17" (5 pieces/unit)		201.008	
Pad black 17" (5 pieces/unit)		201.007	
Queen Bonnet Pad 17"		201.009	
Brush medium		207.115	
Additional weight (12 kg) incl. screws		207.119	
TECHNICAL DATA			
Voltage	220-240 V / 50 Hz		
Max. power	1100 W		
Sound pressure level	56 dB(A)		
Brush rotation	1490 u/min.		
Max. disk diameter	17" / 432 mm		
Diameter pad holder	16-17"		
Freshwater container	12 litres		
Weight	46 kg		
Length of power cord	12 m		
Additional weight	12 kg
